## Year 8 London Trip 2023!

In June, we offered our Year 8s a fantastic opportunity to visit London for the day. After 5am start their action-packed itinerary began with a workshop within the Houses of Parliament, followed by a picnic in St James' Park. They then visited the underground Churchill War Rooms. Before heading off home they also managed to squeeze in a walk around famous landmarks such as Downing Street, Big Ben, Parliament Square and Westminster Abbey!

Students and staff had such an amazing time. What an experience!
